V-Potato For Victory

The C. M. Yandells of 48 Clinton St., Redwood City, are all out for victory.

When the victory garden boom first began, the Yandells appropriated the vacant lot and put in potatoes, tomatoes, string beans and other vegetables.

When Mr. Yandell was out harvesting his crops the other day, he found a V-for-Victory potato, with smooth equi-lateral arms—a plump V, but still a patriotic one. It's on display at the Tribune office now.

That potato, however, was not all that the Yandells have contributed in a patriotic way. They sent down 30 keys that they'd been intending to discard for a long time. Those keys are now resting along with hundreds of others in the Tribune Keys for Victory barrel.

Warren-for-Governor Office Established

Edmund Scott, chairman of the Warren-for-Governor, Non-Partisan Committee, today announced the opening of headquarters in Redwood City at 816 Main St. The office will be under general direction of Capt. L. G. McAloney, executive secretary of the committee, and will be staffed mostly by Democratic and Republican women, representing this section of the county.

COME ON, BILLY, GIVE ME THAT TOMATO CAN! WE NEED THOSE FOR BULLETS!

Read Bulgy daily in the Tribune

BEHIND THE GUN

Catherine Boudry Estate Exceeds \$10,000

Mrs. Catherine Boudry, 70, who died Sept. 30, left the bulk of her estate, valued in excess of \$10,000, to Thomas Mallory of San Francisco, a nephew, and Katherine Silva, Oakland, a niece, according to a will filed in superior court at Redwood City.

She left \$250 to the St. Matthew's Parochial School at San Mateo, and \$500 to St. Matthew's Church; \$300 to Louisa Humbert and a like amount to Henry Humbert, both of San Mateo; \$150 to St. Anthony's Guild in San Mateo and \$250 to Kate Mallon of Hillsborough. The residue will go to the niece and nephew.

Redwood City Building Shows Decrease

Building in Redwood City during the month of September has dropped more than half since September, 1941, tabulations from the Redwood City building inspector's office showed today. In September permits for but \$31,850 worth of building were granted while during the same month last year \$78,200 worth of permits were taken out. Total building to date for 1942 amounts to \$1,018,089 while for a similar period last year \$1,052,901 had been spent for new building.

Sparks is the name sailors give to radio men on board ship.

R.C. Schools Start Scrap Drive

By OTTO TALLENT

No one can say that Redwood City's youngsters are not doing their share in winning this war. From the little tykes in the first grade in grammar school to seniors in high school, they are "pitching in" in an effort to gather scrap metals that are so essential in the war program.

They have joined the bright-eyed army of America's children to insure their stake in the future in the best way they know how. Millions of students throughout the nation already have been harvesting the precious metal junk but now they are massed on a nationwide basis in the scrap campaign led by the country's newspapers.

All of Redwood City's grammar schools are serving as depots where students may place their scrap metal, as is Sequoia High School.

ENTHUSIASM AGLOW

Enthusiasm was aglow at all grammar schools here, a check of principals revealed.

Several grammar school students were seen taking metal to school Monday morning in little wagons, while parents of others brought metal in tubs. Two stoves have been turned in at Lincoln School. W. Earl Whitaker, principal at Lincoln, said that some students reported they had bedsteads and other such items at home which were to be contributed if they could be picked up. Frank A. DePatta, salvage drive chairman, gave assurance today that all scrap metal reported would be collected in trucks.

Andrew L. Spinas, superintendent of Redwood City schools, whose office is at McKinley School, said students had brought in quite a pile of scrap at McKinley. The scrap is being put in one of the bus stalls. He also reported that some students didn't wait until today to "get in the scrap." He said at least one McKinley teacher took several students out in a truck Saturday and gathered metal.

CENTRAL SCHOOL RETURNS

Benjamin A. Leese, principal at Central School, said that seven youngsters at Central had reported they had approximately 200 pounds each at home they wanted picked up. Some students brought metal this morning, but Leese expected much more to be turned in this afternoon and tomorrow.

Milum Tackitt, principal at Washington School, said that students at that school are determined to get more scrap metal than any other.

"They are real hustlers," he said, "and they may do it." Students at John Gil School are doing "fairly well," P. Homer Spellenberg, principal, announced. They are enthusiastic, he said, and several have turned in lists of scrap metal too heavy for them to bring in.

Max Thornton, principal at Garfield School, said that children at that school were interested, and asked the co-operation of parents and of other persons living in that community.

Many of the kiddies' toys, wheels, etc., have been contributed.

ASSEMBLIES HELD

Students are participating in the drive in "great earnestness" at Mt. Carmel Parochial School, it was reported.

Interest in the drive is being stimulated in some of the schools by special assemblies, but others are relying on classroom enthusiasm.

A place has been roped off opposite the girls' gymnasium at Sequoia in which to place the scrap. John Ring, a student, is in charge of collections. Contributions will be made before and

Death Takes Sharp Park Publisher

BURLINGAME—William Pitschke, 75, publisher of the Sharp Park Breakers, oldest active newspaperman in San Mateo County, died unexpectedly Monday night at 11 o'clock as he drove his car into a Millbrae auto court.

Mr. Pitschke, with Mrs. Pitschke, had attended a meeting of county publishers held in Burlingame and had seemed in particularly good health. At the meeting he had taken an active part and had given a report on newspaper activities in connection with traffic safety in San Mateo County.

Because of dimout regulations on the coastside, Mr. and Mrs. Pitschke had decided to stay at an auto court and attend a board of supervisors meeting Tuesday morning in Redwood City.

As he drove into the court, he slumped over the wheel apparently the victim of a heart attack, according to Coronor William F. Crosby.

Mr. Pitschke was the oldest active member of the San Mateo County Typographical Union and one of the oldest in the state. He had been a member of the typographical union for 54 years. He operated his own printing plant in Sharp Park. Before moving there when he set up his newspaper three years ago, Mr. Pitschke was publisher of the Daily City Record.

The San Mateo County Board of Supervisors adjourned their meeting Monday in respect to Mr. Pitschke.

Zomb To Return To Redwood City

Redwood City showgoers will recall the name of Dr. Zomb in connection with the stage show thriller, the London Hypnotic Seance presented some months back.

Mgr. Hal Honore' of the Fox Sequoia Theater has again booked the doctor with an entirely new show for a special Halloween mystery treat.

Mgr. Hal Honore' has written to the city council for official permission to bury Dr. Zomb, and in his letter is quoted to have said "Unless I hear to the contrary I shall bury the great Zomb at the appointed time." Dr. Zomb in the meantime, is skeptical about the lack of authority, but has given Honore' permission to carry out his macabre venture in putting "suspended animation" to the full test.

COOKING LIVER

Liver should be cooked slowly over a low fire. Overcooking toughens liver. Before cooking always remove veins and tissues.

after school and during the noon hours.

The school is known as a junior army. Miss Pansy J. Abbott, superintendent of San Mateo County schools, is known as colonel; A. C. Argo, Sequoia superintendent, is a major; teachers are captains; senior problems students, who are taking responsibility for the success of the drive, are lieutenants, and the rest of the students are sergeants.

Sequoia's quota is 25 tons. This means that each student will have to average 25 pounds of scrap. Students will be given slips on which to place their names and addresses if they have scrap metal too heavy for them to carry.

The Sequoia buses have large signs on them reading "Get in the Scrap," to remind students to have scrap ready when they come to school in the mornings.

Ronald S. Anderson and Miss Anna Neff, senior problems instructors, are overseers of the campaign at Sequoia.

Speaker Says Delinquency Is Increasing

Juvenile delinquency is mushrooming at an alarming rate throughout San Mateo County, Dep. Dist. Atty. Louis B. Dematteis told the Redwood City Toastmaster's Club Monday night.

Adult crime is on the decrease, Dematteis said, but juvenile crime continues to gain.

To substantiate his statement he pointed to a series of recent crimes involving juveniles, including a robbery in San Mateo, burglary of a San Mateo tavern, a near-riot by San Francisco hoodlums at Millbrae, car stripping at a South San Francisco shipyard, drunk driving involving death at South San Francisco, another fatal accident near Redwood City in which a boy's car struck a road grader, and arrest of another youngster on check charges.

President Dan Connor, another speaker, held that "It Is Later and Worse Than You Think." Dr. William Gordon, in his maiden speech, told of "Rare Violins and Bows." Donald Bogle, vice-principal of Sequoia Union High School, told of the Brussels sprouts picking done by high school students on Coast ranches near Pigeon Point, while Eugene Hoffman told of his experiences as a youth in a steel mill.

Two new members, John Eshleman and Albert Armitage, were inducted into the club by the new deputy governor, Earl Whitaker, elected to succeed Bogle, new district governor.

Dr. Virgil Anderson, associate professor of speech and drama at Stanford University, is the new critic for the club, resuming

Woodside, Portola May Get Police

One hundred nine-nine residents of Woodside and Portola, who petitioned the board of supervisors Tuesday at Redwood City for a police district, were advised by the district attorney that all they need do is revive a similar district formed in 1930.

According to County Clerk W. H. Augustus, the district formed more than a decade ago, became inactive when voters of the district refused to impose upon themselves a sufficient tax to hire a policeman.

Among the 199 names on the petition were the socially important ones of M. A. Harris, J. A. Donohoe, George H. Hotelling, Gertrude Naylor and Jane H. Swinnerton.

Use art gum to remove pencil scratches from wallpaper. And any reliable liquid dry cleaning preparation will usually remove marks made by crayons.

ing the position he held eight years ago when he was one of the charter members of Toastmasters' Club in Redwood City.

How to take care of GAS HEATING EQUIPMENT

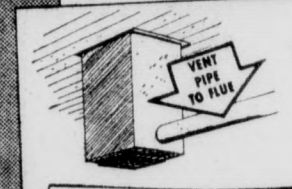

RIGHT NOW is a good time to check up on the gas heating devices in your home. If repair is needed—do it at once. Usually, however, a good cleaning to remove dust and rust is enough. See examples below:

1 Take off the grill on your wall register or floor furnace. Have a cardboard carton handy and go to work with a brush or vacuum cleaner. A pancake turner can serve to lift out heavy dirt.

2 Is yours a forced-air furnace? Then take out filter pads. Give them a good cleaning or replace with new pads. Each fall have a heating dealer check over the furnace, fan, motor, controls and pilot light.

3 Take a look at the vent pipe that connects your heater and other gas equipment to the flue. If it is rusted out—have it replaced now.

4 Watch room temperature and save gas. Overheating your home isn't healthy anyway. If your fireplace has a damper—close it when the gas heat is on. It's good economy.

Gas Heating devices are built to give long years of service. Rust and dust are their worst enemies. With a little care now and then they will see you through the duration.

Duration-ize your Gas Heating Equipment with Proper Care, Proper Use and Timely Repair

MENLO PARK NEWS

BY D. E. O'KEEFE

Army officers have taken over the Douglass mansion on Valparaiso Ave. for the duration. The 11-room cottage to the rear of the "big house" is being moved to property beyond Middlefield Rd. Mrs. Douglas will live in this building.

James Jordan and wife of Chicago are here for a visit with friends in Stanford Park. Mr. Jordan is an attorney-at-law and may locate here.

Shooting on the local marshes will be good this season as large flocks of ducks are arriving from the north. They are principally teal and mallards. Old hunters say they have not seen so many for years.

Owing to lack of labor, work on the highway through town has been delayed. It is hoped, however, that the thoroughfare will be finished by February of next year.

John Brooke of Atherton has resigned as a member of the mosquito abatement district. He has gone to New York to serve as a lieutenant in the army for overseas service. He had been a member of the board for some years.

An air of gloom hangs over the city hall these fine days. It is caused by the contemplation that a number of young men of the police force will leave soon for the war front. Their places will be filled by older men.

Joseph Morley of Philadelphia is visiting friends in Felton Gables. He contemplates moving his family to Menlo Park next Spring.

John Haight of Los Angeles was here Monday looking for a site for a theater. He represents a large syndicate. Haight attended the Hopkins auction sale, buying more than \$2000 worth of furniture.

Richard Harrington was given a farewell party by his parents, Mr. and Mrs. Thomas Harrington, Oak Grove Ave., Sunday.

YOUR STAND-BY ALWAYS LIKES YOU

ESTATE APPRAISED

Clayton H. Englar, former Pacific Coast manager of Continental Can Co., left an estate which was appraised in superior court at \$47,369.83. Mr. Englar died Jan. 2 and left his entire estate to his widow, Helen H. Englar of San Mateo. Bulk of the estate was in securities, including \$18,308 in Continental Can.

Service stripes are known as hash marks in the navy.

Heifetz To Open Concert Season

SAN FRANCISCO — Jascha Heifetz, world renowned violinist, will have the honor of opening the 1942-43 concert season of the San Francisco Opera Association Monday night, Nov. 2 in the War Memorial Opera House.

He will be the first of nineteen attractions of the Opera Association, including a series of ten in the Opera House and nine in the Curran Theater. As a special added attraction, the Opera Association has announced that Lotte Lehmann will appear at the Curran Theater on Sunday afternoon, Nov. 22. Season tickets for both series are still on sale at Sherman Clay & Co. Box Office, EXbrook 8585.

Of all the violinist celebrities visiting San Francisco, none is more popular than Heifetz. He has promised a program of the best in his repertoire for his new concert season.

The other attractions of the Opera House series are: Carmen Amaya, Ballet Russe, Don Coscacks (Jaroff), Richard Crooks, Mischa Elman, Helen Traubel, John Charles Thomas, Nelson Eddy, Arthur Rubinstein, Don Coscacks Platoff.

For the Curran Theater the Opera Association has announced Draper and Adler, Josef Szgeti, Artur Schnabel, Vronsky and Babin, Dusolina Giannini, Trapp Family Singers, Luboshutz and Nemenoff, Robert Casadesus.

Indigent Aid Shows Increase

The number of people receiving county indigent relief in San Mateo County increased 2 per cent from July to August, going from 893 for July to 914 for August, California Taxpayers' Assn. stated today, reviewing relief trends in California counties. The amount expended by the county in direct county indigent

relief increased 14 per cent, when the two months are compared, the taxpayers' association found. During July \$2456 was paid out to county indigents, and in August \$2791 was given. Over the state as a whole, the

number of persons receiving relief as county indigents was 10 per cent lower in August than in July, the association stated. In July, 49,093 persons received this kind of aid, compared with 43,946 in August.

E.P.A. Woman Finds Double Chicken

EAST PALO ALTO—Mrs. E. E. Farmer, 466 Green St., East Palo Alto, broke open an egg in a setting to find out why it had not hatched. To her astonishment she found a well developed chick with four legs and four wings. Apparently its head was so obstructed by the extra legs and wings it was unable to break its way out of its shell. The chick, preserved in alcohol, was shown students at Sequoia High School yesterday.

Sauces Tempt Appetites

"Don't overlook sauces," is the strong advice given by Nancy Baker, lecturer at the Tribune Cooking School. "Sauces tempt the appetite," she explained, "for the simple reason that they add moisture or richness, sometimes both to plain food. Simple cuts of meat, plain vegetables and salads, and leftovers of all kinds can be dressed up with sauces to make delectable dishes you will be proud to count among your specialties."

However, she warned, it is important that the sauces you make be good ones. This means the ingredients must be smoothly blended, that the right piquancy is not neglected. The last is a matter of choice of seasoning and its proper use. "Too often cooks are careful about herbs and condiments, only to throw in the salt almost as an afterthought. Salt should be blended in as carefully as the rarest condiment in order that its flavoring value may be fully and evenly distributed."

Miss Baker's own preference among salts is for Leslie. She likes its free-flowing quality, and the fact that being thoroughly refined, it dissolves so readily.

Man's Body Found West of Montara

MONTARA—A tragedy at sea was discovered Monday night when a navy patrol boat recovered man's body supported by two life preservers 10 miles west of here. Papers found on the body indicated the man was John W. Nold, 45, San Francisco, and that on Sept. 1, he and Mike L. Gulerovich, Watsonville, had leased a fishing boat.

The body was sighted by Ensign R. C. Johnston, commanding a patrol boat. It had been in the water from 10 to 12 hours it was estimated.

San Mateo County authorities said they had received no notification of the incident.

The Dominican Republic occupies two-thirds of the island of Hispaniola, which lies 48 miles southeast of Cuba and 64 miles west of Puerto Rico. Haiti occupies the other third of the island.

Carbonated beverages are to the American what tea is to the Englishman—a pleasurable necessity.

Furnishings Sell at Auction For Approximately \$20,000

A great mansion vacant for 42 years has become in truth a ghost house with the removal of furnishings which sold at auction for slightly under \$20,000—less than 10 per cent of their estimated cost almost three quarters of a century ago.

The auction was held Monday at Sherwood Hall, built by former Governor Milton Latham of California and owned by the late Mrs. Timothy (Mary) Hopkins, widow of the adopted son of Mark Hopkins of California pioneer fame.

Percy Wood of the Wells Fargo Bank in San Francisco, trustee, described Monday's auction as "quite satisfactory," according to Associated Press.

Reader Butterfield, San Francisco auctioneer, said every one of the 740 auctioneer's lots "was sold in eight hours. About 2000 persons attended, of which 200 became buyers."

The highest price for a single item was \$900 which Universal

Studios paid for an ornate bedroom set. Warner Brothers bought two other such sets, paying between \$400 and \$500 each. Another Hollywood studio, Columbia Pictures, also participated in the purchases.

Marble and bronze statuary, bought by studios and San Francisco dealers, went for \$100 and \$350 each. The bidding also was lively for old stalls and stables, most of which went to private buyers.

The 50-room mansion is to be disposed of later. Butterfield said the furnishings were collected from all parts of the world over a five-year period in the 1870's. He estimated the original cost at approximately \$20,000 received at the auction as "more than was expected."

The furnishings of a house on Washington Street in San Francisco, belonging to the same estate, are to be auctioned in two weeks.

Council Relaxes Harbor Rules

Rules regulating the Redwood City yacht harbor between sundown and sunup were relaxed at a meeting of the Redwood City City Council Monday in order to accommodate duck hunters.

It was voted that, beginning Oct. 15, when the duck season opens, the yacht harbor will be opened one hour before sunrise to enable hunters to get their boats in readiness. No movement is permitted on the bay from sundown to sunup, however.

City Atty. Paul A. McCarthy ruled that the city council has authority to have city employees clean up Union Cemetery. Acting City Mgr. Clarence W. Eltringham was authorized to have dilapidated copings, wooden fences, etc., removed. Relatives of persons buried in the cemetery will be notified of the clean-up plans. Pictures are to be taken to show improvements.

Chester C. Armstrong was chosen by the council to replace Earl Clegg on the board of review. He was nominated by Councilman Louis Jenkins. Laurence G. Brian, nominated by Councilman Carl Britschgi, was named to the planning commission. W. J. McKeegan was appointed by Mayor Floyd D. Granger to the library board and the council confirmed the appointment.

An ordinance relating to air raid precautions was passed. The ordinance was introduced by the city council Sept. 8 and appeared in the Tribune in legal form Sept. 28.

The council voted to ask ambulance owners to remove their ambulances from the depot, as it creates unfavorable comment. Acting City Manager Eltringham was instructed to contact the owners in regard to the matter.

Attorney McCarthy was asked to look into the matter of having old circus posters taken down from store windows. McCarthy also was asked to draw up a dimout ordinance to present at the next meeting of the council, in an effort to assist federal authorities.

A letter from Robert E. Callough, 950 Hudson St., who charged the city water rates were "outrageously high," was read and filed.

A letter from Mr. and Mrs. George Brewer calling the council's attention to the fact there are two Redwood avenues in Redwood City and that it is confusing was referred to the planning commission.

The park and recreation commission was authorized to fix the roof and weather strip the windows at the yacht harbor clubhouse. The commission also was authorized to place slide and swing fittings at California Square.

Yacht club members will be permitted to use the yacht harbor clubhouse Oct. 17, it was voted.

A letter of appreciation from Pres. Lloyd A. Johnson for the council's welcoming message to the National Motor Bearing Co. officials and employees which appeared in the Tribune last week was read.

J. E. Jordan was granted per-

Old Brass Scales Added to Drive

Old brass scales contributed to the Redwood City war scrap metal drive this week by Roscoe D. Wyatt, chamber of commerce secretary-manager, illustrated the lengths to which enthusiasts

the citizens will go to aid war efforts. Wyatt himself in 1893, helped construct lead weights which went with the scales into the heap. He said the scales had

been in his family an even longer time.

"It's not a question now of citizens wondering whether they'll ever use a thing again before contributing it," he said. "It's a decision as to whether we can possibly do without it."

WARM WINTER WEAR
FOR DAY AND NIGHT

THRIFT... A WATCHWORD AND A BUY-WORD AT PENNEY'S

Since our earliest days, we have known that thrifty Americans prefer to do without many "special services," if it means buying quality merchandise for less.

The pioneers of our business decided on Thrift as their major policy, and Thrift is still working in every Penney store today. We make no deliveries, have no charge accounts, no time payments... but we DO offer good, first quality merchandise at the lowest price at which it can be sold.

It is to your advantage to shop at Penney's. The savings you make will help you buy the War Bonds you'll need for a secure future. And your own merchandise knowledge will prove to you that these savings are real!

Pie Shy? Crisco's brand-new method guarantees Flaky Pie Crust every time!

LOOK! NO MORE TOUGH PIE CRUST!

Be sure of flaky pie crust! Try Crisco's New Method with "NO-SUGAR" APPLE PIE

DOUBLE-CRUST PIE: Mix 2 cups sifted flour, 1 teaspoon salt. Remove 1/2 cup of this flour to a small bowl and add 1/2 cup water. Stir to a paste! (No more guessing how much water to use!)

NOW, MIX THE DOUGH CRISCO'S NEW WAY: Scrape all the flour-paste into Crisco-mix. Mix thoroughly until dough comes together and can be shaped into a ball. Divide; roll out two crusts. The dough's just right—not sticky! No need to overhandle it and make it tough! Flaky pastry is plain sailing now!

"NO-SUGAR" APPLE FILLING: Line 9-inch pan with Crisco pastry. Fill with thinly sliced apples. Sprinkle with 1 tablespoon tapioca and a little cinnamon; drizzle over 1/2 cup honey. Lay twisted strips of pastry across top. Bake in hot oven (425° F.) about 40 minutes.

TO THE DRY FLOUR ADD 1/2 cup Crisco—out in unit pieces are size of small peas. (Blending's easy 'cause Crisco's so creamy.)

All Measurements Level

Success or your money back—but only with Crisco... It's different!

Lady! Forget your pie-making troubles... Crisco's got them solved. You see, Crisco is made by an exclusive process—no other shortening you can buy contains Crisco's new pastry success secret.

And Crisco's new method ends the 2 big causes of tough crust. No more guessing how much water to use. No more sticky, hard-to-handle dough. Now Crisco guarantees you flaky, tender pie crust every time.

Remember! Crisco is different! Does more for your cooking—gives lighter cakes, delicious fried foods, too!

GUARANTEE: Follow Crisco's method exactly—you'll get flaky pastry. If dissatisfied, write on back of Crisco label, telling how pie crust was unsatisfactory. We'll refund price of one pound. Mail to Crisco, Box 837, Cincinnati, Ohio. Offer ends February 28, 1943.

DOCTORS SAY:

"Crisco is digestible!"

When a questionnaire was sent to doctors by a leading medical magazine, two-thirds of the doctors' replies specifically called attention to Crisco's digestibility.

FRY THIS SAFE WAY—LESS THAN 2¢ A DAY!
Want fried foods as digestible as if baked? Just reach for pure, all-vegetable Crisco! Crisco stays fresh on the kitchen shelf—doesn't taste strong! No unpleasant smoke or smell in frying! And it costs only 2¢ a day to do all your frying with Crisco.

LUNCH BOX "GOES TO WAR"

NOT A PICNIC SNACK but a man-sized meal—that's what the "little black lunch box" must carry today. Thousands of Pacific Coast war workers, both men and women, now depend on box lunches for real nourishment... and at a time of day when they are hungriest.

George Fitting, for instance, here takes time out beside a huge North American B-25 bomber to eat a wholesome and filling lunch brought from home. Thick meat sandwiches, vegetable salad, hot soup in the thermos—and for a really nourishing "dessert," honey-sweet Honey Maid Graham Crackers (favorite with grown-ups and youngsters alike).

Former Stanford Grid Coach Takes Over at Menlo Junior

Charles L. (Chuck) Winterburn, former backfield coach at Temple and before that coach at Stanford, will succeed Roy Hughes as football and basketball mentor at Menlo Junior College.

Winterburn went to work yesterday morning, but will not take over the reins of the football team until Wednesday when Hughes leaves to report to the navy.

Continued use of the T-formation was promised by Winterburn. "The boys like it and I think they can make it go," he said.

In accepting the Menlo job Winterburn returned to active coaching after two years of study at Stanford. In 1940 he resigned at Temple to allow Ray Morrison, successor to Fred Swan, to pick his own assistants. Prior to that he had been an assistant to Swan and Pop Warner since 1933.

Winterburn graduated from Pittsburgh as an engineer in 1923. He had played football and basketball. After three years of high school coaching, including a year at Burlingame, Winterburn came to Stanford as backfield coach under Warner, his mentor at Pitt. In 1932 he was named head frosh coach and directed the

"Vow Boys" in their first year. He went to Temple with Warner in 1933.

Sequoia Tank Club Wins Opener

Sequoia High School water polo players, playing their first game under the direction of new coach Walter Worrell, trimmed San Jose High School, 8-2, yesterday.

High Sequoia scorer was Tudor Bogart who personally accounted for four tallies, enough to have won the game single handed.

Other Cherokees putting up markers were Bill Sigal who tanked three points and Alan Hansen who put away a single. It was the opening game for both squads and was played in the Redwood City club's pool.

While you sleep peacefully, ships plow dangerous waters, toward fighting fronts. Help those men. Buy War Savings Stamps and Bonds to the limit of your ability.

Sealskins from the Pribilof Islands have yielded more money than the entire purchase price of Alaska.

We gladly forego
A MILE AND A HALF OF
NEW TELEPHONE WIRE
—that this machine gun may shoot
for 4 minutes!

Our Long Distance lines are carrying the greatest volume of calls in history—calls directly related to production for war and the movement of men and supplies.

The materials needed to build new telephone lines have gone to war! For example, a machine gun in action four minutes will use up enough copper for a mile and a half of telephone wire.

Although we cannot build new lines, we can make the most of what we have. You can help if you will not make any Long Distance calls unless they are absolutely necessary. Even on these, please be as brief as you can.

For this our sincere appreciation. You are helping us to help you and our Country.

Terremere Coaches Last Tilt For the Duration Tomorrow

With practically a new team on hand from the squad which started last Friday, Al Terremere will tomorrow coach his last football game at Sequoia High School for the duration.

Following the Mt. View appearance which was slated at the last minute yesterday, Terremere will entrain for an Arizona naval encampment where he will study pre-flight physical education techniques.

Neither Terremere or Clyde Devine, who will succeed him, have much information on hand concerning the Mountain View squad since the Santa Clara County team has not played this year.

Both Cherokee mentors, however, maintained the opponents were tough last year and in any event would be a large team.

New starters for the Cherokees tomorrow will be Vern Timen, left end; Don Brandenberg, right end; John Duzanica, right tackle; Walt Moore, left guard; Lee Bloxham, full,

and Jerry Vistica, right half.

Bloxham, expected to carry a lot of the freight this year, has been out of play with an injured foot until now. He's been in uniform, however, all this week practicing with the squad.

Another shift in the lineup finds Capt. Vern Sterling starting at left tackle rather than at his regular guard spot.

Regular starters in this week's lineup are Bill Ginger, right guard; Dean Houser, center, and Ray Balzarini, left half.

Game time is 3:30 p.m. on the Sequoia gridiron. Last week the Cherokees defeated Albany, 6-0, in their opener.

In farms under 3 acres, California leads all the states in 1940 with 6476 farmers on tracts of that size or less. This number is 2051 less than shown by the 1930 census.

The temperature at Murmansk is about the same as that of Moscow, 930 miles farther south.

Oregon State En Route To UCLA, Fears Upset

Oregon State's defending Pacific Coast football champions were en route to Los Angeles today where they will meet UCLA Saturday but Coach Lon Stiner was in no mood to consider his unbeaten Beavers as certain to continue their winning streak.

With Fullback Choc Shelton and Orv Zielaskowski, veteran guard, on the injured list, Stiner said before entraining that the Beavers would have to develop a better balanced attack before they could be rated as conference favorite.—(AP).

4th Stringer Picked For Bear Punting Job

Gene Pickett, fourth-string University of California half, is the likely candidate to do the punting against Santa Clara next Saturday.

Coach Stub Allison said today the 190-pounder was the best prospect to replace Russ Messner who broke an arm in scrimmage Tuesday.—(AP).

Netherlands Indies has an estimated population of nearly 70,000,000 persons, including more than a million Chinese.

Hogg Wins Restoration Of Broker's License

F. W. Hogg, Redwood City real estate broker, today had won a restoration of his broker's license under a state district court of appeal decision, according to Associated Press.

The decision reversed the judgment of Superior Court Judge Maxwell McNutt, who had upheld the real estate board in revoking Hogg's license. The license was revoked upon the complaint of Christian Jachens, who claimed that Hogg had refused to refund a deposit for the purchase of a Redwood City home which he had built to order for Jachens.

Hogg maintained that he was entitled to retain the deposit on the ground Jachens had failed to complete the purchase. The appellate court held that there was no evidence of bad faith on Hogg's part and directed the superior court to issue a writ of mandamus compelling the real estate commission to reinstate Hogg's license to engage in the business of a real estate broker.

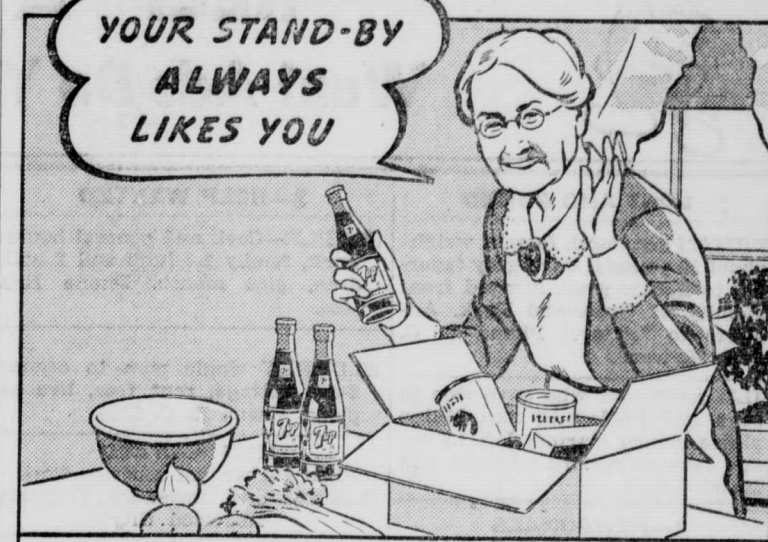

Hogg was represented by Atty. A. J. Harwood of San Francisco.

Coffee was first used not as a beverage but as a paste similar to a chocolate bar.

The first successful American beet sugar factory was established by E. H. Dyer in Alvarado, Calif., in 1879.

The precious commodity musk, used in making perfume, comes from the gland of the male Asiatic deer.

First Lady Aids Burlingame Woman

Burlingame, one of the Peninsula's swankier subdivisions, had its workaday troubles when Mrs. Jeanette Boutelle, 316 El Camino Real, supported by none other than Mrs. Franklin D. Roosevelt, fought for the right to maintain a home for the children of working parents in a residential area.

Mrs. Boutelle, facing a barrage of legal objections at the Burlingame City Council meeting Monday night, stood her ground and told the city fathers that she did so on advice of the nation's first lady. She said she contacted Mrs. Roosevelt on her recent visit to San Francisco.

Parents, many of them in war industries, who leave their children in Mrs. Boutelle's care, supported her contention that the home should be allowed to continue operations.

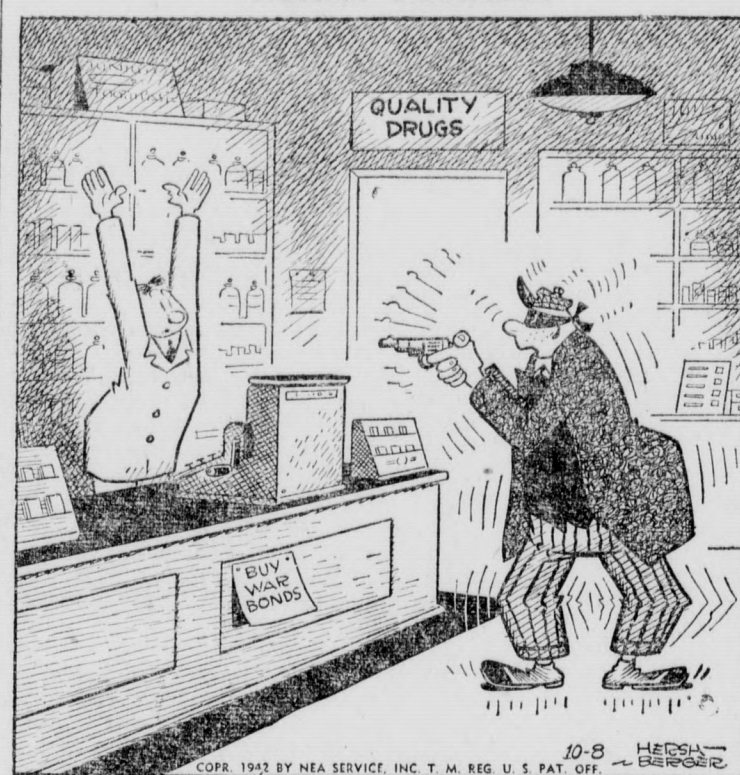

In the face of these contentions, Mayor George W. Coleman stood by the city's zoning ordinance and informed Mrs. Boutelle that she must go before the planning commission to seek a variance permit under the city zoning law.

Maurice Rothchild, county health department inspector, warned the council that the county is expected to absorb a large number of defense workers in the immediate future, that building laws must be relaxed and supervision increased.

A. L. Stolp Promoted By Water Company

A. L. Stolp, who has been connected with the California Water Service Co. for the past 13 years and who for the past year has served as district manager with headquarters in Menlo Park, has been promoted to the position of district manager for all of the Peninsula plants, according to an announcement made today by Ralph Elmsman, president. Stolp will make his headquarters in San Mateo but will exercise supervision over the Bear Gulch district, San Carlos,

Lomita Park, Los Altos and South San Francisco plants.

Noel Nutting, for the past two years district manager with supervision over San Mateo and South San Francisco, has been promoted to the position of the manager of the company's Contra Costa County plants.

Burlingame drew a bye on the schedule and slated a joust with Bellarmine High School of San Jose.

Mayor, Ryan Continue CD Row

Mayor F. D. Granger Wednesday answered charges brought at Monday's city council meeting by Fire Chief Mark E. Ryan and John Nordstrand, an air raid warden, that civilian defense activities were not being handled properly. Said Granger: "Everything is going all right and we're going to continue just as they are."

The mayor continued by claiming that "certain department heads in the city" believe that more emphasis should be put on air raid defense preparations but that he, as the mayor, had the final say on the matter and the emphasis would remain right where it is—"on the collection of scrap metal to aid the government."

Ryan's and Nordstrand's charges came at the conclusion of a report read by the fire chief showing that air raid units were undermanned because the public did not have sufficient interest.

The chief said Wednesday he wasn't trying to tell the mayor how to conduct his business but that the full significance of the situation did not appear to be realized.

"Of course," he explained, "I'm only the fire chief here and that's my full responsibility, but I hate to see air raid defense systems become lax. The federal government is depending on us just as much as it is on the armed forces to guard against serious disasters."

Councilman Carl (Ike) Britschgi, during the meeting said that if interest in the movement had died after only six months, the public was unpatriotic to which Ryan replied that the public was not unpatriotic but merely "disgusted with its leadership" and in need of something to do.

TIME and Tide Wait for No Man—and neither do Want Ads.

DON'T BE FOOLED BY A FULL JUNK YARD!

Don't listen to people who say—"They can't need scrap very badly. Look at that junk yard, or the auto graveyards—they've got plenty of scrap. And remember the last time we had a drive the stuff sat around for weeks." Tell such people these true facts . . .

OF course the junk yards are full. They are "factories" that turn out finished scrap—sorted, broken up, and bundled . . . ready for the mills of America. The scrap has to go through these yards, and it keeps going through fast!

The auto graveyards too, are busy. They specialize in used car parts, but produce plenty of scrap as well. In June alone, these yards moved 450,000 tons—for they are required to junk within 60 days as many cars as they buy.

As for Salvage Depots—communities all over the country are staging

drives. All this scrap can't be taken away at once. The junkies can't handle it and the mills can't store it. But every pound is needed and will be used. We've got to pile it up ready for instant use at any time.

The day when all junk yards are empty, when the auto graveyards are cleaned out, when all the local scrap

stockpiles are gone—that is the day to dread. It is a day to avoid at all costs.

So remember—steel is needed to fight the war, and millions of lives depend on it. This steel is made of 50% scrap—and the mills have not enough scrap to last even 30 days longer. Don't fail to do your part in this emergency.

Get your scrap ready for the drive that starts Monday!

Coastsiders Travel, Entertain

PESCADERO—The Harry Ledingtons had Mr. and Mrs. S. A. Gibson of Santa Monica as their guests last week end.

Mrs. Mary Souza entertained Mr. and Mrs. Clarence Reals of San Mateo on Sunday.

Joe Bettencourt of Santa Clara was in Pescadero to visit his aunt, Mrs. Souza, early this week before leaving to join the armed forces.

Mr. and Mrs. R. W. Anderson, have been the guests of Mr. and Mrs. William Steele at Green Oaks Ranch.

Pvt. Percy Taylor, who now is stationed at Camp Roberts, spent a recent furlough with Coastsiders friends.

Mrs. F. E. Duarte and Mrs. Frank Dias visited friends in Santa Cruz Monday, when they celebrated Mrs. Dias' birthday. Another Santa Cruz sojourn was

made by Mrs. E. Tabacco, who visited there for two days with the Jim Terrio's. The Frank Perrucios spent the week end at the resort town.

Mr. and Mrs. J. Lancing Lane, who have dairying interests here, have closed their estate at Olympia and have moved into a house in Pescadero because of the tire and gasoline rationing.

Mr. and Mrs. N. E. Steele had the Frank Garavantis of Davenport as their guests over the week end.

Mr. and Mrs. Lawrence Muzzi of San Bruno were Sunday guests of Mr. and Mrs. Emilio Tabacco.

Mrs. Edmund Moore and Steven McMannus were guests of Deputy Sheriff and Mrs. Walter Moore in Redwood City early this week.

Jessie Munzi, who is a student at the University of California has been home for a few days between quarters. Jessie recently "made" the varsity soccer team at UC.

Ralph Woodman, Mr. and Mrs. Kenneth Avery and Ralph Avery of San Francisco and the Harold Gianones of Swanton, were week end guests of Mrs. Ida Steele.

Friday saw a virtual exodus to Santa Cruz. Spending the day there were Mrs. Jack Cabral, Rena Campestrini and Mesdames John Silveria, Jack Nunes, M. P. Gomes, John Pimentel and F. G. Williamson.

Harold Weeks is back from the South where he was employed for some months at Lockheed and is awaiting call to duty. He has been inducted into the army air corps and while awaiting orders, is visiting relatives and friends in the Bay Area.

Mr. and Mrs. Filbert Duarte and Mrs. Maria Duarte of Berkeley were week end guests of relatives here.

Mrs. Charles Shaw of Watsonville visited Monday with Miss Grace Shaw, who was celebrating her birthday.

The first successful flight across the Atlantic was made in 1919 by the U.S. Navy flying boat NC-4.

Shawls Are In Again

Great 36-inch square scarfs like this are going over big on co-ed campuses. It is of spun rayon twill with an all-around border of thick wool fringe in contrasting color.

Girl Scouts Enter Drive

BELMONT—Girl Scouts of Belmont are entering wholeheartedly into the Victory Fund Campaign being conducted by scouting units throughout the land.

The girls will save dimes to buy War Stamps, to be converted into bonds. All will go into a national

pool to be drawn upon during or after the war for use in aiding children. The drive started Oct. 1 and will continue through Thanksgiving Day.

Mrs. H. C. Welch of Coronet Dr. was luncheon hostess yesterday when she had three friends in for bridge. Her guests were Mrs. Leo Oigher, Mrs. Francis Kilkeary and Mrs. James Conway.

Mr. and Mrs. David Horn of Sunnyslope Ave and their daughter, Kae, and son, Harold, were the weekend guests of Mrs. Alice Walsh in Los Gatos.

Phyllis Fairbairn, daughter of Dr. and Mrs. G. F. Fairbairn of Sunnyslope Ave., has left for Los Angeles to attend the University of California branch there. She is a graduate of Notre Dame High School in Belmont.

Woodside Finds 5 Tons Of Scrap

WOODSIDE—The scrap metal heap in the Woodside School yard has reached an estimated five tons, but everyone having any scrap metal about his place is still being urged to bring it in during these two weeks of the public school's scrap metal drive.

A. C. Cleveland of Glenwood Ave., donated the use of his truck last Monday evening and, with the assistance of E. J. Bonanfant, Hiram and Lester Slocum and Howard Davis, garnered in about four tons of metal from homes having no means of conveying the material to the scrap metal heap.

Mrs. Bonanfant is the local salvage chairman and can be contacted at Woodside 3791.

Earrings were formerly worn by men in various European countries.

Belmont Gets Red Cross Classes

BELMONT—A new standard first aid class for beginners, sponsored by the Belmont Red Cross, will start tonight at 7:30 o'clock at the Belmont School.

This is the second new class within 10 days, for a home nursing course got under way last week and held its second meeting this Tuesday. Mrs. Catherine Cornwell is the instructor for the class, which will meet every Tuesday at 7:30 p.m. in Community Hall.

Another development on the Belmont Red Cross sector is the appointment of Mrs. Harrison Klages as canteen chairman, succeeding Mrs. Richard Rodriguez.

CHEESE A-PLenty

According to Secretary of Agriculture Claude R. Wickard, there is plenty of cheese for all our armed forces, our allies and American families here at home. This represents a real achievement of dairy farmers and cheese makers.

Addie Tripp Guild To Meet; Families Move

WOODSIDE—The Addie Tripp Guild of the Woodside Congregational Church will hold their October meeting tomorrow at the Guild Hall. Mrs. Florence Stephens, the newly elected president, will preside for the first time and has several plans for activities along cultural lines that will be presented for discussion. Tea will be served and a cordial invitation is extended.

Mr. and Mrs. James Chiapellone and their three children moved from Woodside during the past week end and are now located in Burlingame. During their eight years' residence here, both Mr. and Mrs. Chiapellone had been active in community affairs. Mr. Chiapellone was a leader in the local gardeners' organization and Mrs. Chiapellone was president of the Parent-Teacher Association at the time of her departure from the community.

Word comes from Gordon, Texas that the Herman Wolfe family is again established in its former home place there, having left here about a month ago. Mr. and Mrs. Wolfe and their three children, Robert, a Sequoia student and Ray and Emma Lou of the Woodside School, had lived in Woodside for seven and one-half years. Mr. Wolfe was a member of the Woodside Veteran Firemen's Association and Robert was a member of the Firemen's Junior Auxiliary group.

Assistant Fire Chief Bernard Bernasque is back at his duties at the local fire house after having enjoyed his vacation period. Mr. and Mrs. Bernasque spent a week at Santa Rosa, where they visited with relatives.

The gardener's cottage on the Stanley Harris Estate is now occupied by Mr. and Mrs. William Wilkie and their little daughter, Dolores Margaret. The Wilkies recently came here from Winnetka, Ill.

Mrs. Odell Moses and her small daughter, Joan, of Crescent City, are here on a combined business and pleasure trip and are house guests at the home of Mrs. Moses' parents, Mr. and Mrs. J. W. Christensen.

Relief At Last For Your Cough

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREOMULSION for Coughs, Chest Colds, Bronchitis

Harvey Hall An Officer

Sgt. Harvey Hall, Sequoia High School instructor on leave of absence, has successfully completed his three-months course at the air forces officer candidate school at Miami Beach, Fla., and has received his commission as second lieutenant in the Army Air Corps, according to word received here.

His duties will be to direct vital administrative and supply operations of the rapidly expanding army air forces ground forces, thus relieving trained pilots for full time flying duty.

Lieutenant Hall taught social living and English at Sequoia, and was a counselor. This is his third year away from the Redwood City high school. He had been granted a leave of absence to do graduate work at Columbia University, where he was working toward a doctor's degree, and his leave was extended for the duration after he joined the army. During his term at Columbia he taught in the adult evening school at New York City College.

Hall's wife, also a former Sequoia instructor, resides at 159 Stratford St.

JAMES B. KENNY

James B. Kenny, 534 King St., has been commissioned an ensign in the U.S. Navy and is now stationed in the procurement office in San Francisco. Before entering the navy he was employed by the American-Hawaiian Steamship Co. in San Francisco. Mr. and Mrs. Kenny and their son, Donald, who is now 4, moved to Redwood City a year ago last July.

Cornelia Van Ree Drops Action Against Sister

Cornelia Van Ree, 18-year-old unwed San Mateo mother who is suing G. E. Turner of San Mateo, her brother-in-law, for \$100,000 damages for alleged seduction, has dismissed the complaint against her sister, Mrs. Alberta Turner, in superior court at Redwood City. Originally the complaint named both Mr. and Mrs. Turner as conspirators to make Miss Van Ree bear a child for Turner. Judge Maxwell McNutt sustained demurrers which virtually eliminated Mrs. Turner from the case.

Ken Boscacci Commissioned

Kenneth Boscacci, 25, freshman football coach at Sequoia Union High School, will join the U.S. Navy as an ensign Nov. 2, it was announced today. It was the second such enlistment in a week and a half from the physical education department of the school. Albert Terremere, head football coach, has likewise accepted a commission in the navy.

Boscacci, who lives with his wife and baby girl at 170 Lowell St., has been on the Sequoia staff for three years. He is a graduate of San Jose State College.

His navy assignment will be with a gun crew on a merchant vessel, it is understood.

The Suez is a sea-level canal without locks.

PUBLIC NOTICE

Norman S. Menifee, Atty.
ORDER TO SHOW CAUSE
No. 34637

IN THE SUPERIOR COURT OF
THE STATE OF CALIFORNIA,
IN AND FOR THE COUNTY OF
SAN MATEO.

In the Matter of the Application
of EMMA KATHERINE KIESE-
WETTER for Change of Name.
EMMA KATHERINE KIESE-
WETTER, a resident of the County
of San Mateo, State of California,
has this day filed herein her application
praying for an order of this Court
changing her present name to
the proposed name, EMMA
KATHERINE MORRIS.

IT IS ORDERED that all persons
interested in the above entitled
matter appear before the said
Superior Court, in Dept. One there-
of, at the Court House in said
County, on the 2nd day of November,
1942, at ten o'clock A. M., of
said day, TO SHOW CAUSE, if
any they have, why the said applica-
tion for change of name should
not be granted.

AND IT IS FURTHER ORDERED
that a copy of this order be
published in the Peninsula Beacon,
a newspaper of general circulation
printed and published in the
said County of San Mateo, for four
successive weeks prior to the said
2nd day of November, 1942.

Dated: October 28, 1942.
MAXWELL McNUTT,
Judge of the Superior Court
NORMAN S. MENIFEE,
Attorney at Law,
Andrew Building,
Redwood City, Calif.
Ph. Redwood 1813.

(Endorsed) Filed Sept. 28, 1942

SAFeway Homemakers' Guide

★ How to get a course in nutrition by mail ★ List of nutritional foods
★ How Kay helped defense at home

Are you sure your family's fed right?

Did you know that our Government
says: "The Nation is under-nourished?"

Did you know that you and your family
can eat three square meals each day and
still be under-fed?

Did you know that meals properly de-
signed for good nutrition can lose much of
their value in cooking?

To help in the Government's program to
make this Nation the first national family
of buoyantly healthy people the world has
ever known, Safeway Homemakers' Bureau
is offering a correspondence course in nu-
trition and menu planning. It is a com-
pletely revised edition of Julia Lee Wright's
"Kitchen Course in Nutrition" first offered
a year ago—the correspondence course in
nutrition which helped thousands to enjoy
better health. This new "Kitchen Course in
Nutrition" is just off the press, to meet
wartime demands and includes the newest
nutritional standards recommended by
our Government. We know this course
will be an aid to the Government's pro-
gram of Building an Impregnable Defense
of national health for today thus ensuring
for our children the greatest heritage that
one generation has ever bequeathed to the
next—health.

The new, revised and streamlined corre-
spondence course, "Kitchen Course in Nu-
trition" is a simple, practical guide in feed-
ing your family properly, economically,
along new, improved lines. It's a personal-
ized course, so flexible it will enable you to
work out your family food problems re-
gardless of size or ages. It's a course that
you can and should use every day.

You'll discover, for example, new, surpris-
ing facts on vitamins... the importance of
minerals... all about proteins. More im-
portant, you'll learn how to preserve natural
food values in your cooking... how to buy
the most nutrition for your money.

This material, gathered from Government
and Homemakers' Bureau sources costs
thousands of dollars. Yet this practical and
understandable course, condensed and or-
ganized by our own Graduate Nutrition-
ists, is available to you by mail for only 25c.

PRESIDENT ROOSEVELT SAID

★ Any loss of human life, any interference with
production, any loss of critical materials
hinders and impedes our war effort.
★ Uncontrolled fire, even in normal times, is a
national menace. Today, when agents of
our enemies are seeking to hinder us by
every possible means, it is essential that de-
structive fire be brought under strict control
in order that victory may be achieved at the
earliest date.
★ Observe Fire Prevention Week, Oct. 4-10

EDWARDS COFFEE

NOW IN THE NEW VICTORY BAG
GROUND FRESH WHEN YOU BUY!

The same rich, full-bodied flavor you have always
enjoyed in Edwards' fine blend... now packed in
the New Victory Bag to conserve vital metals.
All coffees kept in the bean—ground only when you buy
—you get it Roaster fresh and ground the way you like it.

ANOTHER CALIFORNIA TRIUMPH!

Every pound of this delicate
extra-processed granulated
sugar you use helps to build
California prosperity — helps
provide employment for thou-
sands of your fellow citizens.

From the richest sugar-beets
in the world, grown in Cali-
fornia's sunny valleys, come
the pure juices that are boiled
down into finest-quality CALI-
FORNIA-GROWN BEET SUGAR.

CALIFORNIA-GROWN BEET SUGAR
